ABOUT US

SOLUTIONS for a
GREAT PLANET

GREENTEK SOLUTIONS LLC specializes in the purchase of used computer equipment and telecommunications systems.

Whether you are updating your old IT equipment or simply removing old technology, we can help you provide usable capital when we acquire it.

When you sell us your used IT equipment, we pay you the FMV (fair market value) and assist you in the process of asset settlement and recovery.

Our mission is to help companies and people reduce the cost of upgrading to newer IT equipment by purchasing their older devices; Our prices and services are always more competitive than other companies.

By selling your equipment to GREENTEK SOLUTIONS LLC, you are helping to reduce the amount of electronic waste that ends up in landfills and pollutes our soil.

CERTIFICATIONS

We have certifications worldwide, which guarantee the quality and experience of the services we offer to all our clients.
